WOOD INNOVATIVE DISRUPTION IN FOREST INDUSTRIES

Leonhard Ventures

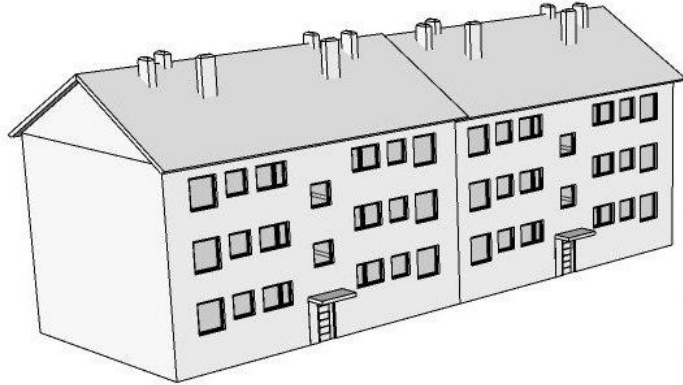

SWISS KRONO

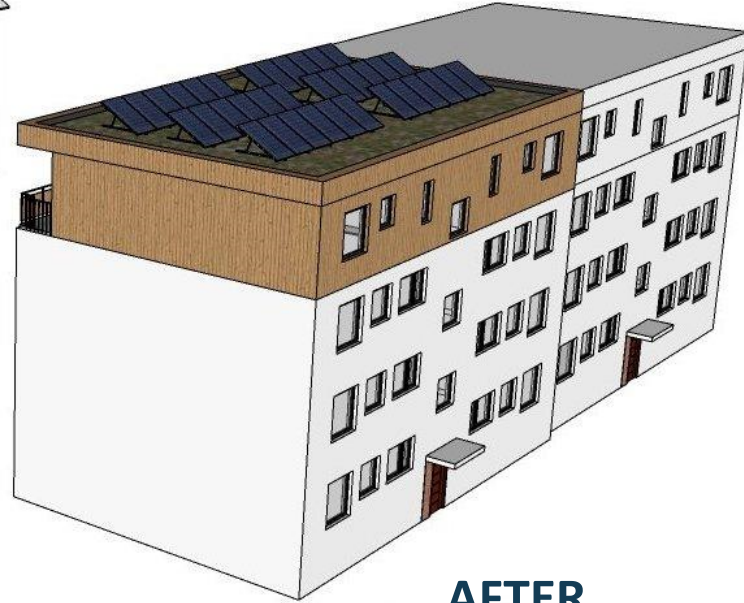

As per today lack of 700.000 living units in Germany alone

A building shell of 300 m² is established in 3 days

BEFORE

AFTER

RoofUz: a digital platform to scale rooftop development

Lego-like Hardware

Digital platform

> Rooftop development

In Germany potential for 2.4 million living units

€ 13 billion

TAM in Germany

€ 8.45 billion

SAM in Germany

€ 400 million

SOM per year in 2033

Today the amount of living units realised per year

10.000

in Deutschland

700

in Berlin

Experience with tech, scaling and digital tools

**Kilian A. Eckle, CEO &
Sales**

Felix Hofmann, CPO

Felix:

- ★ Dating App > 1 Million Downloads
- ★ Digitalisation German Mittelstand > 1 Billion revenue/year
- ★ Founded a company within solar industry

Kilian:

- ★ Serial founder with one exit
- ★ Co-founder and board member of the federal association of digital construction
- ★ Developed digital tools for construction professionals

Construction professionals benefit from closed building system

plan and permit

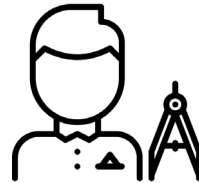

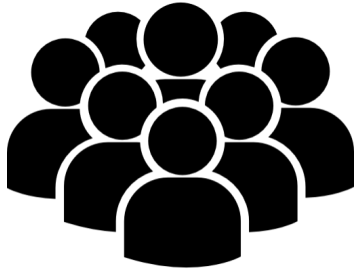

Prefab

Installation

For example architects save a lot of time

> 40% time savings

The platform connects digital tools via an API

Currently aiming at roof-owners with three products

Roof-calculator
